Essentials M.I.S.T.™

Multi-Functional • Innovative • Sanitizing • Technology

Easily disinfect large areas and surfaces quickly and cost-effectively.

Perfect for Hotels, Restaurants, Schools, Retail, Transportation, Gaming & Resorts, Stadiums, Convention Centers, Corporations, Fitness Centers and Colleges & Universities... and more!

Dining Rooms & Cafeterias

Hospital-Grade Disinfectant

EPA registered and featured on their approved list for disinfectants for use against SARS-CoV-2, the virus that causes CoVid-19. Kills 30 other bacteria and viruses including 99.999% of those causing MRSA, Staph, E. Coli, Salmonella, and Hepatitis A, B & C.

Food Surface Sanitizer – No Rinse Required

NSF certified as safe for use on food-contact surfaces- no rinsing required. 99.999% Sanitization on food contact surfaces. Fragrance-free, non-irritating and won't alter the taste of food on sanitized surfaces.

Cost Savings

The M.I.S.T.™ Fogger with M.I.S.T.™ Disinfecting Solution greatly reduces your labor costs and the cost of cleaning supplies!

Mold & Mildew Killer

Kill and prevents spores with up to 7 months residual effects. Safe on a wide range of surfaces - marble, curtains, drywall, carpeting and beyond.

Antimicrobial

Antimicrobial - eliminates bacteria, mold, mildew and other fungi. Disinfects and eliminates odors and ensures air quality in HVAC systems, air vents & ductwork.

Gyms & Spas

Schools & Convention Centers

Non-Corrosive

Effective on both hard and porous surfaces- will not damage fabrics, carpets, hard surfaces, or electronics.

Odor Eliminator

Kills odors caused by smoke, trash, septic systems, food odors and more. Contains no masking agents or fragrances and is highly effective at neutralizing urine and fecal odors.

Allergen Eliminator

Proven effective on pet dander as well as dust mite and cockroach allergens. Can be used directly on pet bedding and sleeping areas.

Essentials M.I.S.T.™

Multi-Functional • Innovative • Sanitizing • Technology

Operationally easy, safe, and efficient!
Safe to treat around people, pets, and food!

M.I.S.T.™ Fogger

Easily disinfect large areas and surfaces quickly & cost-effectively. No dilution needed, just fill the Fogger directly from the drum using the drum faucet. **ULV (Ultra Low Volume) Foggers** quickly disinfect entire areas, unlike electrostatic sprayers, which are directional and surface specific. ULV Foggers are comparatively inexpensive and reduce product usage by dispensing disinfectant droplets as small as 10 microns, **making our Fogger the most cost-effective delivery system on the market.**

Adjustable Shoulder Strap
16.5" (42cm)

M.I.S.T.™ Fogger
Pack 1
HDI001GYT28

- Specifications:
- Tank Capacity 1.32gal (5L)
 - Coiled Hose 16" (41cm)
 - Power Cord 15'6" (475cm)
 - Power 800W
 - AC Adapter Rated Voltage 100-240V
 - Effective Range up to 26' (8M)
 - Adjustable Particle Size 10-150µm
 - Atomization Volume 470 ml/min
 - Net Weight 13lbs (6kg)

5gal M.I.S.T.™ Disinfecting Solution

Our **ready-to-use** formula is designed to be gentle to users but tough on germs, **non-irritating to skin, non-corrosive** to treated articles, NSF-certified (no rinsing required) for food-contact surfaces, and listed in the lowest toxicity category pesticide with the EPA. Our M.I.S.T.™ Disinfecting Solution gives you **peace of mind** that you are using an effective product that does not come with alarming safety warnings & precautions.

MADE IN USA

5gal M.I.S.T.™ Disinfecting Solution
Pack 1
HDI002CLT28

Shipped with a faucet, allowing easy dispensing and storage.

One undiluted 5 gal drum disinfects 25,000 sq ft. Dilution of 5:1 will disinfect 150,000 sq ft. and maintains the same kill rate.

Suggested par levels for small hotels: 1 M.I.S.T.™ Fogger per floor, plus an additional 1-2 M.I.S.T.™ Foggers for public areas.

Reorder M.I.S.T.™ Disinfecting Solution 7 days prior to running out.

Should you wish to wear a mask and gloves while fogging, check out our extensive, reliable, and in-stock collection of face & body protection!

PH Level ²	8.5	12.5	5.5	7.5-8.5	4.0-5.0	10.2	12.6
How does this compare with Aseptic Plus+?	Very low toxicity rating from the EPA, non-corrosive, PH-neutral, and odor free.	A dangerous chemical linked to asthma and contact dermatitis.	Extremely short shelf life when dissolved, chlorine odor, prone to leave residue, and no NSF certification.	Has a strong, lingering odor and no NSF certification.	Not recommended for use on porous materials, such as carpet, drapes, and furniture.	Recent studies show quaternary ammonium compounds lead to biological resistance in germs.	Has a high toxicity rating from the EPA, a strong odor, and is extremely corrosive.

¹EPA scale: 4=very low toxicity, 1=very high toxicity.

²Lower numbers are acidic and higher numbers are alkaline. Mid-range numbers are non-corrosive.
